About 21st Century University

We here at 21st Century University firstly commend you for taking action to look into helping people receive a 21st Century Education.

Everyone deserves to have access to a modern-day Education for life - One we all deserved to have been taught at school or University but didn't. Taught by those with a Ph.D. in Results, as opposed to our 19th Century outdated, failing education system, taught by those with a Ph.D. in Theory.

For a tiny fraction of what college or university costs, you now have access to a modern-day 21st Century Education, making it affordable for you and your friends to learn.

We have a library filled with hundreds of hours of practical common sense content covering strategies and methodologies taught by those who have a Ph.D. in Results - not just a Ph.D. in Theory like most teachers at school or College or University only have.

We have included over 20 of our lecturers, some you may know such as Arnold Schwarzenegger, Sir Richard Branson and New York Times Best Selling Author of 'The 4 Hour Work Week', Tim Ferriss. Also among our list of past elite lecturers is the 'Australian Donald Trump', millionaire apprentice Mark Bouris and boxing champion Danny Green.

We have tech entrepreneurs who have built close to billion dollar companies already such as Ruslan Kogan of Kogan.com, to ensure we cover all aspects of growing your careers, business, learning how to invest, simple tools to be more grateful and happy with your life, how to increase your focus and effectiveness including an entire lesson on how to manage your time modeled from some of the most successful people on the planet.

These are the type of lectures you simply don't get at school or University. This modern-day 21st Century Education will not only teach you financial literacy and financial intelligence, but also importantly emotional intelligence and the mindset required to outperform.

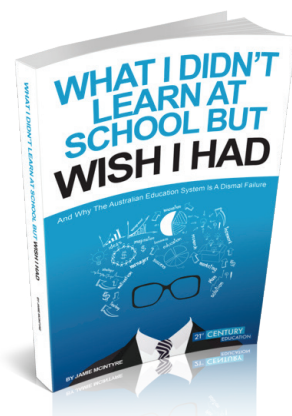

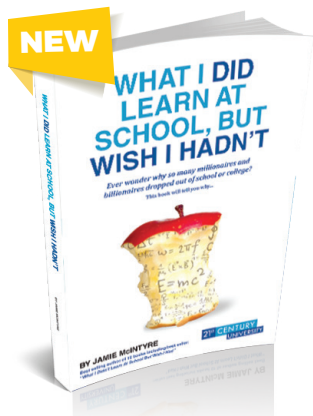

That's why you'll also learn from one of Australia's leading and controversial educators Jamie McIntyre as he shares the psychology behind the ultra successful as at 21st Century University we want you to be ultimately fulfilled in life not just learn how to excel in your careers, business, and finances.

A truly holistic modern-day education is important and covers emotional well being and also health to ensure optimum long term performance.

21st Century Education has been around now for 22 years and has taught already 500,000 individuals from over 17 different countries and we are just getting started.

Collectively it's been calculated that 21st Century University enrollees have generated increased financial wealth of several billion dollars over the last two decades.

A cornerstone of that wealth has come from Real Estate investments, so at 21st Century University, we have included Real Estate online classes included updated strategies to profit from game-changing companies like Airbnb where you can profit from properties without even owning them.

Education For Life.

By joining 21st Century University, you'll have access to everything from the Founders best selling book 'What I Didn't Learn At School But Wish I Had', to the most popular course - 'Education For Life'. The book is a best seller which has sold over 250,000 copies and has been translated in to 9 languages.

And soon you'll get free access to his new book, "What I Did Learn At School But Wish I Didn't".

We look forward to welcoming you and acknowledge you for considering upgrading your school or college education to a modern day 21st Century education, and ongoing education for life! You deserved to have been taught these important lessons at school or college!

Our team also looks forward to seeing you at one of our live lectures in the future to get the most out of your life and continually growing and improving as a dynamic individual.

When you commit to being the best you can be and taking your life, relationships, health, career, business and investments to an entirely new level, we challenge you to commit to watching a minimum of 30-60 minutes of 21st Century U.

That's all it takes to start seeing results as your mind becomes overflowing with new and exciting ideas you can start to implement straight away!

You'll access leading breakthrough strategies not made available to the common person and definitely not taught at school or College. Make 21st C U videos and audios apart of your new daily success habits and watch the results.

How This Online Home Business Works

You Choose Your Hours

Choose to make this home business your ultimate side hustle or become a full time business or career for you.

Become a Super Affiliate

Plus you can apply to become a Super Affiliate, ideal for Speakers, Coaches, Promoters or Consultants. Earn up to 40% on every sale and another 10% on your 3rd level of team members which can amount to a very large income.

Get Paid Monthly

\$59 USD x 30% paid monthly, every month.

In the coming months, 21st Century University offices will start opening in most major cities globally where consultants can work part time as a side hustle in our offices, plus access free ongoing training on how to grow your online education business.

Earn Residual Income

You will earn 30% on every \$59 USD per monthly subscriber you generate every month. (some subscribers may take the 12 months \$590 USD or \$1,390 5 Year Subscription option). Just 20 sales are \$400 USD passive income. If you achieve that every month, then your income would grow monthly so that in just 10 months you could be earning \$4,000 USD per month residual income.

Online Marketing

For some, \$500-\$1000 USD per month is exciting. For others, \$5,000-\$10,000 USD per month is the goal as a side hustle. But for some people who dedicate more time, a \$50,000-\$100,000 USD per month income is achievable, especially those who have an existing database or proficient in online marketing. Viral marketing can be very powerful, especially with an educational product like 21st Century University is offering, which can help educate and inspire so many people.

Earn Bonus Income

Build a team of affiliates and earn an extra 10% every month for every subscriber they get from sharing their links across social media or word of mouth, etc

Epic Bonuses

Affiliates can qualify for bonuses such as exotic overseas conferences, plus one of the bonuses available for affiliates includes credits towards property investments to help affiliates retire from building a property portfolio. Affiliates can automatically qualify for investment funding subject to their ongoing performance.

Visualise The Potential

10 affiliates generating 10 new subscribers per month would be 100 subscribers x 10% = another \$590 USD per month in income. After 10 months that would be \$5,900 USD per month.

Learn While You Earn

It's best to become a subscriber now to 21st Century University for \$59USD per month to learn while you earn. Plus you'll save the \$97 USD affiliate joining fee.

No income is guaranteed. Examples are illustrations only. Success depends on individuals efforts. Any ads run on social media by affiliates must not be misleading or deceptive. You are not required to subscribe to 21st Century University in order to become an affiliate and generate an online income however if you do then we waive the affiliate joining fee.

Learning & Earning Options

to Become a 21st Century Affiliate

OPTION 1

Register to be an affiliate for a once off payment of only \$97 USD, then \$35 USD ongoing monthly training fee.

OPTION 2

Simply become a 21st Century University subscriber for only \$59 USD Monthly and the \$97 one off Affiliate fee is waived plus the \$35 USD monthly training fee is covered for the first 90 days.

SUPER AFFILIATE OPTION

The Super Affiliate level is designed for those wanting to earn larger incomes. Ideal for Internet marketers, seminar promoters, those with a database or social media influencers, speakers or coaches.

At this level, you'll earn 40%, not 30% on any personal sale and you'll be paid on three levels on your team, not just on your second level (10% on your team sales each level). You qualify to earn 40% from your second sale onwards (your first 2 sales are passed up to your up line).

This level suits those wanting to generate \$5,000 - \$10,000 USD per month sooner and medium-term a \$50,000 - \$100,000 USD per month income.

Simply upgrade to the 5 Years 21st Century University Subscription currently \$1,390 USD and you automatically qualify to become a Super affiliate and earn 40% on the 21st Century University 5 year Membership and be paid on 3 levels.*

Or register as an Affiliate Plus subscriber and qualify to earn 50% on the 21st Century \$4,995 Events Packages enrolments by your team and 10% on two levels.

*\$35 USD per month affiliates training fee still applies.

Just
\$1,390
USD

AFFILIATE PLUS OPTION

The Affiliate Plus level is ideal for those wanting to generate \$5,000 to \$10,000 USD per month quickly and potentially \$50,000 to \$100,000 USD per month.

To qualify to earn 50% on the \$4,995 USD 21st Century University Event Packages worth over \$12,000 USD, you simply have to enrol into the \$4,995 Package.

This also includes the Super Affiliate \$1,390 USD 5 Year 21st Century University Membership (if not already a Super Affiliate). An Affiliate Plus subscriber also qualifies to earn on 4 levels, not 3 levels being 5% on their 4th level of team sales and 10% on previous levels.

This level includes the Super Affiliate 21st Century University 5 Year Membership fee plus the 21st Century University Events Package worth \$12,000 plus \$1,390 USD fee for only \$4,995 USD.

You qualify to earn 50% on your third sale onwards. Your first 2 sales are passed up to the person that referred you or their qualifying up line. This means your income potential is much higher as the first 2 sales of your direct team get passed up to you from your third sale onwards.

For instance after your first 2 sales, you earn 50% on the \$4,995. Make 5 sales in a month after your first 2 sales and help your team make one sale each means you earn \$2,500 USD on 10 sales being \$25,000 USD for the month.

PLATINUM AFFILIATE (ALL IN)

We refer to this level as going all in and is ideal for those who want to make serious money, and rapidly. It also saves you money versus if you enrol at a lower level and upgrade later. The level you join at is often the level others you recruit join at. Platinum Affiliates also earn on 5 levels not 4 levels being another 2.5% on level 5 sales potentially worth thousands per month.

This level includes both the Super Affiliate 5 Year 21st Century Membership fee (currently discounted to \$1,390 USD), the Affiliate Plus 21st Century University Events Package fee (currently \$12,000 worth of programs for \$4,995 USD and our Annual Platinum Event fee worth \$4,995 USD).

Platinum Affiliates automatically become 21st Century University Platinum Members with special benefits plus invited to our annual exotic events that in the past have been held in places such as Rio De Janiro Brazil for the Carnival, an Antarctic Expedition, Hawaii, and Queenstown New Zealand.

These events combine workshops, special guest speakers, activities and challenges, and special dinners and parties.

A special focus on how our Platinum Members can become a "force for good" in the world through business and philanthropy.

Platinum Affiliates will earn 50% on the \$9,995 USD fee to join from any Referral after your first 2 sales which are "passed up" to your team.

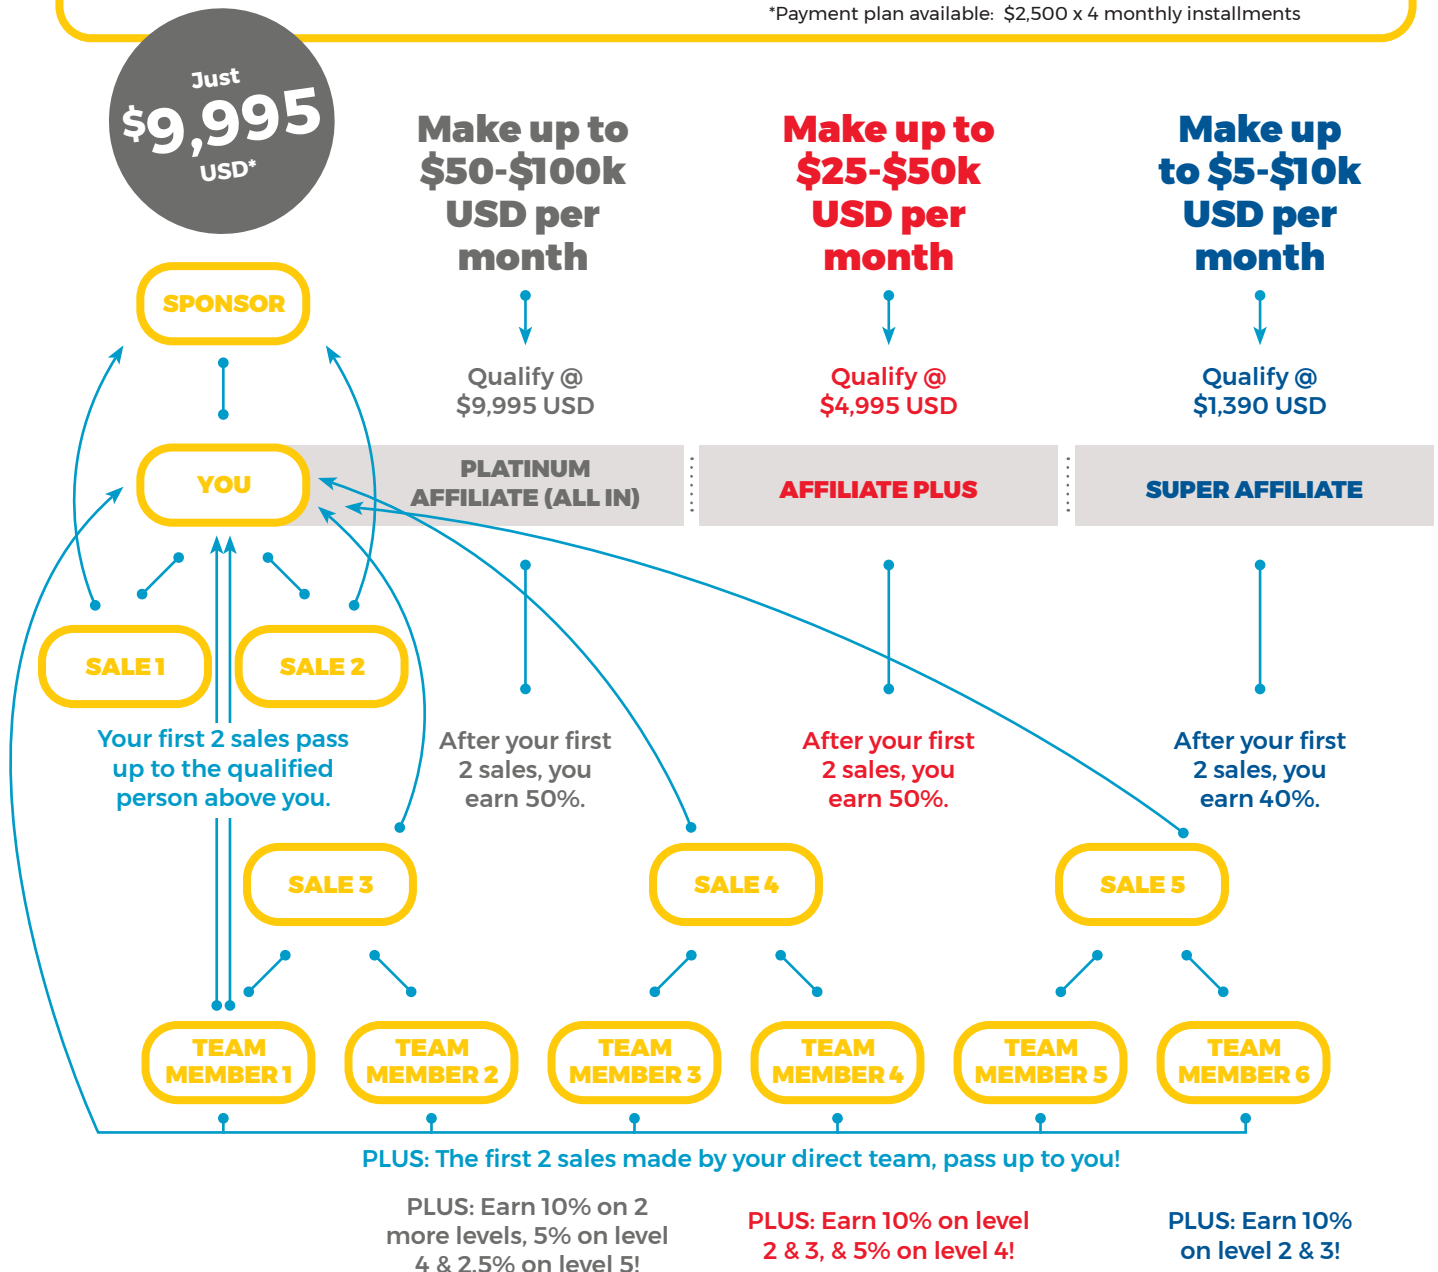

This means when you help your team generate sales their first 2 sales are passed up to you for the levels you are qualified for.

10 sales a month, say 5 personal and 5 from helping your initial sales make 1 sale would generate you \$5,000 USD by 10 or \$50,000 USD for the month.

This level is designed for those who want to play life and business at the highest levels and also is designed to create additional abundance to help you increase your ability to be a "force for good" in the world and your community.

It's the level of Leadership and building a world class team that you enjoy traveling the world with.

*Payment plan available: \$2,500 x 4 monthly installments

Success Stories

I was first introduced to your book 'Think & grow rich for the 21st century' 4 years ago. What a blessing!

That moment, I decided & took action on controlling my life.

Within 6 months from the date of my first handwritten affirmation, I went from; aimless random work to a Career, in debt to £100,000 acquired, walking to my dream car.

And I have escalated in knowledge & valued life lessons since.

I just wanted to say thank you. This has been a way of life, not just a single learning session.

I have listened every night, every day to your material and still seem to find new lessons to date. It's phenomenal.

I don't want to make this email too long (as I may be able to write for hours on the subject, but it is tedious when one sided).

When can you talk? I would love to hear what your doing currently and your plans for the future.

Kind regards,

Anthony W

I want to say thank you for the education we have received which has enabled us to move forward, particularly in these challenging financial times.

I am 53 and my husband 55. He runs a small building company and I teach. We have had our own super for 10 years and have been investing for 15 years at least. Those of us who come from a heritage of working class families (rather than wealthy investor families) are pioneers for our age group.

Our parents simply collect or did collect the government pension. We can learn little from them. It is a challenge for us to invest for the long term and we appreciate what Jamie is doing to make seemingly sophisticated investment accessible to us.

With this knowledge and persistence, we expect to have a great financial future(we could retire now with a modest income but are not ready). We expect that we can use what we will learn over the next few years to continue to generate income as our working years ease.

I am so glad we are with 21st Century in light of the massive financial crisis. I feel we know where we are going and have control of our financial future.

Carol Newton

I feel very confident in the strategy and this program has motivated me and shown me the importance of growing investment portfolios

It was the best money we have ever spent (EVER)

My name is Brendan Colley, I am a university student at The University of Queensland and just finished reading your book "Time Rich" from 2009. I just wanted to let you know how much I enjoyed this book which I bought for \$12 at my Uni's second hand book store!

As I am someone who is always looking to improve myself, I found this book majorly beneficial! I think the financial education you spread across Australia is fantastic and you're an inspiration for guys like me starting out in the finance world! Also, the Jessica Alba look-a-like on the cover picked my interest so great job publishing team haha!

As an avid Brisbane Broncos fan, I hope I am the one rejoicing after we play your Canterbury Bulldogs this Thursday night to launch the 2014 NRL season ;-)!

Have a great year, thanks for sharing your thoughts and concepts!

Kind Regards, Brendan

I have completed the 21st Century Homestudy program and am now taking the action steps for achieving success. I can say with confidence that this is really a brilliant course and I am also delighted to be a pioneering graduate of your excellent program here in Ireland.

I am happy to be singing your praises in both my businesses and social circles. Thanks very much to the 21st Century team for making such a valuable program available on this side of the world.

Michael Knowles

Yes! Since joining 21st Century I have committed a lot of time, resources and money to this and will continue to.

In all but one case I have learnt a lot and feel that the investment in time and money was well worth it.

In fact, due to the strategies I have learnt and deployed, I have made successful trades that have more than covered the 20K education investment. So simply THANK YOU!!

Nick Crowe

Keep up the great work, you are an inspiration. I did your course 3 years ago and escaped the rat race in February this year. I owe you a beer.

Brad Cusworth

Within one month of joining 21st Century and watching the Homestudy, I generated enough money to pay for the course with my first trade and now consistently generate more income from share renting and selling insurance than working 6 days a week.

This is only applying one strategy out of the many that are taught to you, and being a 21st Century Member, the bonuses and value added content is continuously updated. I have never seen an education system like this before.

Luke Deland

I have always believed in following your dreams and never giving up

From our experience, 21st Century Team US Property Division have gone the extra mile to support us promptly and effectively. Being novices this was a huge stepping stone and seemed overwhelming at first, but 21st Century held our hand the whole way through the process.

In hindsight glad we didn't do it alone! We are looking at acquiring a second US property in September 2012. Thanks guys!

Jessica Beyers and Cory Ebenestelli.

Before attending this seminar, my image and focus on my future was blurry, many students are the same. Now I have set outcomes and purpose, also now I can picture myself in the future achieving the things only dreamed of and the steps needed to take to gain financial freedom.

Evin Huy Nguyen

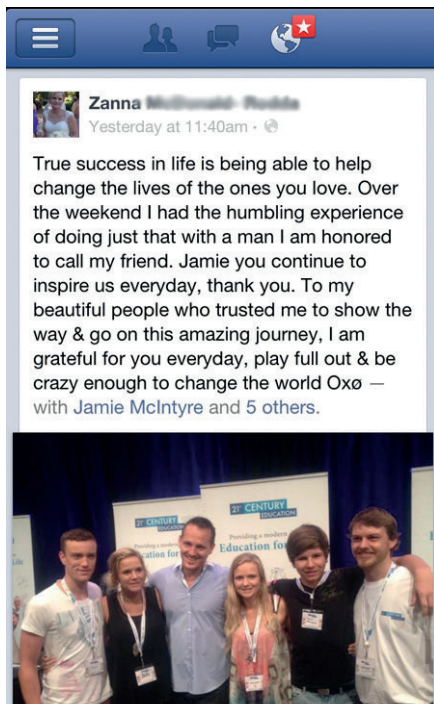

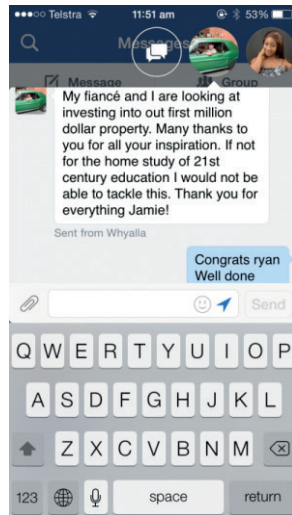

Just wanted to send you a quick letter to let you know how much I admire your achievements and successes in the areas of education, investing and politics.

I remember you saying at the 2013 FES that Arnold Schwarzenegger is the definition of an "over-achiever" - well, I believe you are no different.

Well done for changing the lives of many people around the world, including my own.

Kind regards,

Max

Just wanted to thank you, my husband and I have finally hit a million dollar net worth.

All thanks to following your advice.

Love your reality,

Bronwyn J. xx

It was fantastic! Some of the speakers were amazing. I've learned a lot about life, economics, different strategies to make wealth and essentially what to do with that wealth once you've acquired it.

Jamie McIntyre has completely changed my mind set, and makes me want to pursue my dreams

We like the team very much, we felt comfortable with them, we understood the strategy, we decided to set it up and it has been great ever since!

I'm writing to say what a wonderful surprise I got when I received a phone call on the 15th June from Lou Harty that I won the condo property you so generously donated.

So thank you, Jamie. I really appreciated this great windfall. Of course, I am being presumptuous because I don't own it yet. I haven't received any papers to say so. That is why I have not been in touch to say thank you. I hope that you didn't think I was ungrateful.

A lot has happened since the 3 days I was at royal pines for the 3 days in Nov '12 and I spoke to you. It seems ages ago. Thank you for your mentoring, Jamie.

That 3 days was the result of my first US property to start me on my trip to achieve my big dream.

Is it possible for me to ask for time for a coffee in your very busy schedule. I live in Palm beach on the Coast. Have lived here with husband Jeff since '81.

Would like to see you and fill in on my ventures and hopefully with a little mentoring from you. Would very much like to know what you would do.

I look forward to hearing from you, Jamie.

Regards and many thanks,

Ada L.

I have listened every night, every day to your material and still seem to find new lessons to date. It's phenomenal.
